

ABIM-Lucerne 2006

Annual Biocontrol Industry Meeting Lucerne, Switzerland October 23rd – 24th 2006

The International Biocontrol Manufacturers Association (IBMA) and the Research Institute of Organic Agriculture (FiBL), announce to the biological plant protection world a new meeting place for:

- presentation of new products, agents, systems, solutions,
- discussion of topics of common interest,
- people, companies and private business meetings.

ABIM-Lucerne invites producers, distributors, researchers, consultants and users, environmentalists, opinion leaders, regulators and academia.

Conference location

Lucerne, a well-known and beautiful town in the heart of Switzerland is an ideal location for such an international event which, starting in 2006, will take place annually, from October 2006.

The meeting together with IBMA's Annual General Assembly and National associations meetings will take place at the prestigious Lucerne Culture and Convention Centre (KKL). Facilities are available for stands, posters and private business discussions
