

ABIM-Lucerne 2007

2nd Annual Biocontrol Industry Meeting

Lucerne, Switzerland

October 22nd – 23rd 2007

The International Biocontrol Manufacturers Association (IBMA) and the Research Institute of Organic Agriculture (FiBL), announce to the biological plant protection world a meeting place for:

- presentation of new products, agents, systems, solutions,
- discussion of topics of common interest,
- people, companies and private business meetings.

ABIM-Lucerne invites producers, distributors, researchers, consultants and users, environmentalists, opinion leaders, regulators and academia.

Conference location

The 2nd Annual Biocontrol Industry Meeting (ABIM-Lucerne 2007) will again take place together with IBMA's Annual General Assembly and National Associations meetings at the prestigious Lucerne Culture and Convention Centre (KKL). ABIM-Lucerne provides an annual meeting place specifically adapted to the needs of the biocontrol industry. Facilities are available for stands, posters and private business discussions. The 1st Annual Biocontrol Industry Meeting (ABIM-Lucerne 2006) was held on October 23rd-24th 2006. During the two days of the conference, over 200 delegates representing more than 170 companies and organisations presented their activities and discussed new products and trends in the market.
