

ABIM-Lucerne 2008

3rd Annual Biocontrol Industry Meeting

Lucerne, Switzerland

October 20th – 21st 2008

The International Biocontrol Manufacturers Association (IBMA) and the Research Institute of Organic Agriculture (FiBL), announce to the biological plant protection world a meeting place for:

- presentation of new products, agents, systems, solutions,
- discussion of topics of common interest,
- people, companies and private business meetings.

Conference location

The 3rd Annual Biocontrol Industry Meeting (ABIM-Lucerne 2008) will again take place together with IBMA's Annual General Assembly and National Associations meetings as well as professional group meetings at the prestigious Lucerne Culture and Convention Centre (KKL).

ABIM-Lucerne provides an annual meeting place specifically adapted to the needs of the biocontrol industry and for interactions with consultants, regulators and researchers. At ABIM 2007, over 270 delegates representing more than 170 companies and organisations presented their activities and discussed new products and trends in the market.
